

Opening Scramble

Saturday 21 March 2020

Team to consist of 4 members with playing handicaps
(G capped at 28, L and J capped at 36)

Entry fee for team £12 – payable in the pro shop BEFORE you play

- Everyone drives at every hole and one drive is chosen by the team
- A marker is put at the chosen drive and everyone plays their next shot from there
- Continue with this format until the ball is holed
- If anyone plays out of turn i.e. tapping the ball in the hole for a 4th shot before everyone has played their 3rd shot then a 4 goes on the score card
- Each team member must contribute 3 drives over 18 holes
- Record your team's gross score on each hole and indicate whose drive was used
- At the end of your game add up your total score, take off your team handicap using the instructions below and record your net score on the card
- Sign your card and get a second team member to sign it, record your score on the scoreboard in the clubhouse and put your scorecard in the basket provided

For this event we will use the following handicap rules.

Add the full handicaps of the 4 players together.

If the combined total is:

10 or less = **scratch**

11 – 20 = handicap is **5%** of team total

21 – 30 = handicap is **10%** of team total

31 – 40 = handicap is **15%** of team total

41 and over = handicap is **20%** of team total

Example: Team handicaps are $9 + 16 + 18 + 25 = 68 \times 20\% = \mathbf{13.6}$

$-2 + 4 + 6 + 1 = 9 = \mathbf{0}$
